One of the most comfortable and luxurious two bedroom apartments you will find at The Kingston Foreshore!

Capturing the coveted and ideal North Easterly Aspect, this wonderful apartment is surprisingly spacious, and stylishly finished with blonde oak flooring, and gets the best of sunlight when you need it, yet totally avoids the heat of the western summer sun. The reserved balcony is set-back and fully covered from the elements, perfect for alfresco entertaining.

Overlooking the future park, and with no building opposite, this apartment has a really private and secure position on the second floor of the popular Prince development. All the amenity of The Foreshore is moments away yet you are on the quiet side! No bar and restaurant noises/smells here.
